

Contractor Policy

It is the policy of LANDROC that all contractors, subcontractors and self employed persons who work on company premises will supply to the Business Manager of LANDROC documentation covering the information listed below, prior to the commencement of that work.

Work will not commence until this documentation has been supplied and acknowledged. This documentation will include:

1. Appropriate qualifications, licences and registrations.
2. Description of the work to be carried out (this may be included in the employment agreement).
3. A copy of workplace health & safety practices and procedures that will be followed whilst on site.
4. Risk Assessments for hazardous work (if required).
5. Name, address, ABN and contact phone number for the contractor and the person in control of the workplace.
